

Context Revision

About These Problems

This question will provide one sample sentence from the passage given. It will ask you to rewrite the sentence so it is more clear and concise. The easiest way to answer these questions is once again sound them out and see which one sounds the most professional and clear. Place clauses near objects they define and remove redundant phrases.

Question. In context, which is the best way to deal with the transition between the two sentences?

The SAT is actually a bogus test that tricks students into thinking they are unqualified. The skills required for the SAT are irrelevant and unimportant.

- A. Add "Additionally" in front of "The skills"
- B. Leave it as is
- C. unqualified, but
- D. Place "Yet" in front of "The skills"
- E. Replace the period with the semicolon

Answer. A: The best way is to place "Additionally" in front of the second sentence. The sentences are in agreement. Options C and D reverse the tone. Options B and E do not change much of the flow.
